Liederkrantz Chorus Plans Active Season

Rehearsals of the Liederkrantz chorus are held every Tuesday evening in Blue Island, second floor, Eagles hall, starting at 8 o'clock. Everyone is invited to attend and participate. The Liederkrantz is a chorus group with a long historic background, and offers a great deal to the culture and entertainment of the community.

It is not difficult for the most inexperienced person to develop into a satisfactory singer, according to Mrs. Florence Konsoer, of Cedar Lake, Indiana.

She says, "It is not the talent alone, but a willingness and a desire to participate which is the deciding factor under the leadership of Esther Rehberg, 12353 W. Glenlake ave., Chicago, who was a student at the Sherwood Music school and studied voice at the Cosmopolitan School of Music, and organ at DePaul university. She also had nine years choral work under Ray Noble, and was staff singer over NBC for seven years. At present, Miss Rehberg is director of six choral societies, including the St. Leo High school boys' chorus, and is assistant conductor of the United Ladies Singing Society of Chicago."

The Liederkrantz have representatives from Oak Lawn, Oak Forest, Midlothian, East Chicago, Dolton, South Harvey, Chicago and Blue Island, the home of Liederkrantz.

MOKENA BOARD MEETING POSTPONED FOR WEEK

The Mokena village board, which was to have held its regular meeting Tuesday night, has postponed the meeting until next Tuesday, December 9, because a number of the board members would have been unable to attend.

MOKENA LIBRARY MOVES TO NEW QUARTERS

This fall, due to the conflict with Court Session and because the Mokena library had outgrown the quarters assigned to them in the village hall, the need of a new building was evident. Mr. Milton C. Geuther, whose name has long been prominent in Mokena, at the suggestion of his wife, a member of the Mokena Book Club, offered his former office to the Club. At the meeting in October at Mrs. Geuther's home the members of the club, after looking at the attractive room, gratefully accepted Mr. Geuther's offer.

The library is now settled in its new quarters, and many interesting books belonging to the Club, with a new assignment from the state, are ready for the book lovers of Mokena, and can be obtained every Wednesday from 7:30 to 9 p.m. at 12 North Mokena street.

A special Christmas selection for children, with records suitable to the holiday season, are in the library. Some of the latest books, including "Glitter and Gold," "A Man Called Peter," and the "Autobiography of the Great Tullulah," are on hand for the older readers.

The Book Club sent the following letter of thanks to the Village board:

Nov. 18, 1952
Mr. Alvin Sorensen, Clerk
Mokena Village Board
Mokena, Ill.

Dear Mr. Sorensen:
On November 14 at their regular monthly meeting the members of the Mokena Book Club voted to move the library from its present location in the village hall to 12 N. Mokena St.

We wish to thank you, the present members of the village board, and all of the members of the board who have served since 1947 for your courtesy and cooperation in permitting us to use the village hall.

Sincerely,
(Signed) Harriet R. Swart,
Secretary.

The Mokena Book Club is composed of a group of women interested in books who meet once a month to discuss books and hear reviews on the latest ones. Twenty-two women are on the membership roll and on the second Friday of each month most of the twenty-two gather in the home of one of the members to listen to a review by one of the members and to discuss it over the cake and coffee which follows.

In 1939 Mrs. Fox, a former resident, conceived the idea of a Club where lovers of books could meet and enjoy them together. Mrs. Fox received this inspiration in church and immediately gathered a few of her friends in her home and formed the now famous Book Club. The purpose of the Club then and now was to enjoy books together and a small sum was collected at each meeting which was used to buy new books when the sum grew big enough.

The members decided they should share their books with other people in the village, and in 1947 formed a library using the Village Hall as the library. Each Wednesday evening one member was there to give out the books, charging a small sum for the rental. In 1950 the Book Club began borrowing books from the State Library which they issued without a fee.

WHEN THE NEWSPAPER DOESN'T COME

My father says the paper he reads ain't put right. He finds a lot of fault, too, he does, perusing it all night. He says there ain't a single thing in it worth to read. And that it doesn't print the kind of stuff people need; He tosses it aside and says it's strictly on the bum, But you ought to hear him holler when the paper doesn't come.

He reads about the weddings and he snorts like all get out. He reads the social doings with a most derisive shout.

He says they make the papers for the women folks alone; He'll read about the parties and he'll fume and fret and groan He says of information it doesn't have a crumb— But you ought to hear him holler when the paper doesn't come.

He is always first to grab it and he reads it plumb clean through, He doesn't miss an item, or a want ad—that is true. He says they don't know what we want, the darn newspaper guys;

"I'm going to take a day some time and go and put them wise; "Sometimes it seems as though they must be deaf and blind and dumb." But you ought to hear him holler when the paper doesn't come.

WORLD WAR II ACE NOW LIVES IN MOKENA

John Foley, who lives in a log cabin home in Sunny Acres Mokena, was the subject of the leading story in a recent issue of "News and Views", the house magazine of the Caterpillar Tractor Co., Peoria. The story, entitled, "Johnny Got a Zero," tells how John Foley, now a maintenance employee at Caterpillar's Joliet plant, made a record in World War II that few individuals can match. He was decorated by Generals MacArthur, Eisenhower, Doolittle and a host of other army and air force officers in both the Pacific and European theaters of war.

Never heard of him, you say? Probably not as Johnny Foley, but it's a good bet that you know him as "Johnny Zero," a name that developed into a nationwide song title, a fast-selling phonograph record, and appeared in thousands of newspaper headlines.

"There's so much to tell about Johnny Foley that it's hard to know where to begin," says News and Views. "Let's go back to 1941. Johnny had just graduated from a Chicago high school.

"He was already a champion, having, of all things, taken top honors as a speed typist in competition with other Chicago prep students. This ability as a typewriter led him to a clerk's job in the army air force soon after the outbreak of the full-scale war. Three months behind a desk was all Johnny Foley could take. He wanted a transfer and wanted it badly. He had promised his mother in his first army letter home that he would get at least one Jap.

"His transfer to a Texas air force base was the beginning of his fabulous army story.

On his first mission over Japan territory the mighty mite (Johnny weighed only 110 pounds at that time) blasted two Zeros out of the sky. He completed 32 missions in the Pacific, and before being transferred to the European theater (where he completed 31 missions) he had seven Jap zeros to his credit."

At the Caterpillar plant Foley carries such "weapons" as a screwdriver, pliers and wrenches. Instead of shooting enemy planes down, he has turned to trouble-shooting on his maintenance job.

The Foley home, incidentally, is just about as unique as Johnny's flying record. It is an unusual log cabin home sitting on a 300 foot deep lot. The present home was assembled by the Foley's, Johnny and his wife, Lucille, who has packed all of her husband's flying clothes away and she hopes they stay there for good.

The News-Bulletin as well as all Mokena folk are glad to welcome this couple into their midst and hope they will enjoy their home in this locality for many years to come.

ROBERT BOYER HIT BY AUTO ON WAY TO TRAIN

Mr. Robert Boyer of south Wolf road, Mokena, met with an accident as he was walking north on Wolf road Tuesday morning with Mr. Edmund Kniebush. They were on their way to the Mokena station to catch the 6:30 train into Chicago.

At the same time Wayne Weidmeyer, of Lockport, was driving north on Wolf road. He had his lights on. The two men were walking on the right hand side of the street, with the traffic, rather than against it. When the car approached from behind both men stepped aside to the shoulder of the road, but Mr. Boyer evidently became confused and stepped in the opposite direction, right into the path of the car, which hit him and threw him upward. He landed on the car's radiator.

Mr. Weidmeyer stopped immediately and took Mr. Boyer to the office of Dr. E. G. McMahon in Mokena. Dr. McMahon took Mr. Boyer to the Silver Cross hospital, where x-rays were taken and which revealed that no bones had been broken. It was necessary to take a few stitches to close some severe cuts which Mr. Boyer had sustained on his head. Sometime Mr. Boyer had broken his ankle. This ankle had now become swollen, but up to this time no further injuries were evident.

Mr. Boyer will be 70 on January 23, and it had been his great ambition to be working on his 70th birthday. He is employed at the Museum of Science and Industry in Chicago.

After he got to the depot Mr. Kniebush called his wife and informed her of the accident asking that she get word to Mrs. Boyer. She and her neighbor, Mrs. Ed Breuser then went to Mrs. Boyer's home across the street, and later Mr. Breuser took Mrs. Boyer to the hospital to see her husband. The Breusers and Kniebush live in Woodland Circle.

Illinois Taxpayers Federation to Hold Town Meetings

In order to find out to the best of its ability how a cross-section of taxpayers wants to be represented on issues of major importance to come before the next General Assembly, the Taxpayers' Federation of Illinois is holding three Taxpayer town meetings during December.

J. Donald Phillips, President of Hillside College at Hillside, Michigan, has been retained to serve as moderator of the meetings because of the methods he has developed to accomplish maximum audience participation in policy formation. The Phillips' techniques for conducting meetings and conferences have won him national recognition.

The first Taxpayer Town Meeting was held at Woodruff high school auditorium, Peoria on the evening of Wednesday, December 3. The Peoria Junior Chamber of Commerce co-sponsored the meeting. The Springfield Junior Chamber of Commerce is co-sponsoring the Taxpayer town meeting on the evening of Thursday, December 4. Portions of each meeting will be broadcast later.

The last Taxpayer town meeting in the series will be televised by Station WHBF-TV, Rock Island, at 8:30 p.m. December 9. The studio and television audience, estimated at 150,000, will be asked to help the Taxpayers' Federation of Illinois determine its policy from the grassroots up by voting on the question: Is the present schedule of truck license fees now provided by law too high, too low, or just about right?

In addition to the truck license question, the Peoria and Springfield meetings will also vote on whether cities, schools, counties or any other local government should be given power by the General Assembly to levy new or higher taxes without the consent of the people through referendum; whether the General Assembly should further increase the amount of state aid for schools if such an increase would necessitate higher state taxes; whether the General Assembly should create the office of supervisor of assessments.

Joliet Hi Student Wins Third Place In History Contest

Jerry Lehmann, 16 Mokena, of Joliet Township High school, won third place in the local competition of the Hearst Newspapers annual American History awards. First place was won by Barry Berman, 16, 4952 N. Hamilton ave., Chicago, a senior at Von Steuben high school.

Lehmann and four others were selected at a stiff written objective examination of American history, to represent the Chicagoland area's 300 high schools—public, private, parochial and county—in the national award finals which were held Tuesday. His average was 95.9. He received a \$50 bond, and a new book, "Abraham Lincoln," written and autographed by Benjamin P. Thomas. The schools of the winning pupils will receive valuable history sets.

The five young history scholars competed in the national finals in the Chicago Historical Society, with the champions in 12 other key cities from coast to coast, last Tuesday.

The students took their first examination at the Washburne Trade school, in Chicago, on November 25. Three hundred took the tests. Placed in front of each student at the time of the examination was an American flag on a stand, which made a very impressive scene. Each student was given the flag, in addition to the "Abraham Lincoln" book.

There were six runners-up in the local competition, all of whom received \$25 bonds each, and whose schools were to receive valuable history books.

Seventeen students—boys and girls—received honorable mentions. Included among these was Carl Steiner, of Homewood, a student at Thornton Township high school.

The No. 1 national winner will receive a \$2,000 U. S. Savings bond. Prizes total \$25,000.

Two New Telephone Exchanges Make Debut in This Area

Two new telephone exchange names—Fulton and Kellogg—will make their initial appearance in this area beginning Sunday, at 12:01 a.m., says D. L. Sperry, telephone manager of the Tinley area.

About 11,300 telephone numbers in Blue Island, Alsip, Calumet Park, Crestwood, Dixmoor, Midlothian, Oak Forest, Garder Homes, Posen and Robbins will be modified when telephones in those communities go dial this Saturday at midnight. All telephone numbers will have either FU Iton 5 or FU Iton 8 added as a prefix, effective with the changeover.

KE Ilogg 2 is the new exchange name for telephones in Tinley Park, Sperry said. It, too, will become effective Saturday at 11:59 a.m. when Blue Island's telephones go "dial." Modifying Tinley Park telephone numbers was necessary to bring that community's telephones into the nationwide long distance dialing.

Despite the new exchange names, there will be no change in the method used to call these telephones. Customers will continue to place their calls with the operator, according to Sperry.

Holms "Surprised" On 25th Anniversary

Mr. and Mrs. Louis Holm, of Mokena, were surprised Sunday afternoon in honor of their 25th wedding anniversary. About thirty relatives came for dinner of which a large wedding cake was a feature. They spent the afternoon socially.

The Mokena Parent-Teachers association is sponsoring Sam Campbell's famous lecture-color film, "Scrap Book of the Northwest" which will be shown Sunday at the Mokena public school starting at 3 p.m.

Sam Campbell is a renowned naturalist, author, lecturer and photographer who is often referred to as "the philosopher of the forest." He has been lecturing for the Chicago and Northwestern Railway system for the past twenty years, and his audiences have totaled more than 6 million. His latest book, "The Seven Secrets of Somewhere Lake, is just off the press. The film he will show and explain Sunday afternoon is his most treasured collection of motion pictures of the Northwest, combining as it does the highlights of many of his films.

The Scrapbook first shows Sam and Ginny Campbell in their Northern Wisconsin home, where new animal characters are introduced, the latest in Campbell's growing list of forest friends. The Scrapbook then opens to the romantic Black Hills of South Dakota which is fast becoming one of the West's most popular vacationlands. The magic of Sam Campbell's color film has caught the dramatic past of this historic area, where mountain vistas, shimmering lakes, streams, forests and fields combine in a symphony of natural beauty.

Next comes Yellowstone Park, with its geysers and waterfalls. Moose, elk, bear and deer accommodate pose for their pictures.

Mt. Rainier and Mt. Hood are shown in all their splendor, with their wonderful forests, mammoth splendor, with their wonderful forests, mammoth trees, wildflowers and scenes of rugged beauty. As the Scrapbook closes we are treated to the unforgettable spectacle of dawn creeping down the slopes of the 14,508 ft. Mt. Rainier, which the Indians called, the "mountain that was God."

Everyone should plan to see this marvelous color film, which is in tremendous demand, and which may not come this way again for a long time, as communities often wait for several years before it is available to them. There is a small admission charge.

**it's good business
to buy an
ALL-CROP Harvester now**

All combines are not alike. Let us show you what makes the ALL-CROP Harvester different.

Harvest season may be a long way off, but there are several good reasons for buying an ALL-CROP Harvester now.

1. By speaking early, you can be sure of having the first choice in combines. The harvest always comes, and the supply of ALL-CROP Harvesters has often been short of the great demand when crops were ready.
2. Your trade-in combine is sure to be worth more now than at harvest. During the winter we have time to recondition and re-sell used equipment.

Remember, the ALL-CROP Harvester is priced for home ownership, and proved in more than 100 threshable crops.

To have the best machine when you need it... to get full value in a trade... stop in or call us now.

Postmaster Offers Holiday Hints To Assist Patrons

The following information is released to assist patrons of the local postoffices so that the postal department can continue to provide the normal high level of service.

Relative to Christmas mailing please make a note of the following up-to-date information:

1. Unsealed Christmas Greetings require 2c postage.
2. Sealed Christmas Greetings require 3c postage and can be forwarded should there be a forwarding address and can be returned to the sender if not delivered providing the return address is on the outside envelope.

Many Christmas Greetings are

sent to folks who do not regularly correspond and a move or two results in non-delivery and non-forwarding when two cents postage is used along with an obsolete address.

3. Address plainly, in ink if possible. Provide the box number, rural route number, zone number.

4. Sender's name and address should appear in the upper left hand corner on the address side.

5. Pack and wrap parcels carefully. Do Not Seal unless the parcel bears a printed "Parcel Post label."

6. Register parcels of value.

7. Insure parcels where the value of the contents is great.

8. Christmas Seals and Stickers are permitted on the back of mail during December.

9. Use Special Delivery service on Parcel Post at the current rates: Up to 2 pounds, 25c; Over 2 and up to 10 pounds, 45c; Over 10 pounds, 60c.

10. In addition to giving fair heed to the caution to do your Christmas mailing early your local postmaster recommends that you plan your purchase of stamps well in advance of the holidays and so avoid waiting in line for a three cent stamp. You'll do much toward making everyone including yourself have a merrier Christmas.

Another Great Feature of the JOHN DEERE "50" and "60" Tractors...

new "LIVE" Power Shaft

You'll reduce clogging of power-driven machines to the very minimum... cut clutching and shifting time and effort by two-thirds—speed up every PTO job with a John Deere "50" or "60" equipped with the new "live" power shaft.

Operating completely independent of the transmission clutch, this "live" power shaft provides continuous power for operating PTO machines as long as the tractor engine is running. You can stop forward travel at any time, start up again while the power-driven machine continues to operate at full speed without interruption.

An independent clutch completely protects the power shaft and cushions shock loads on equipment. And for extreme conditions, a low gear of 1-1/2 mph lets you creep along taking in heavy crops slowly while the power shaft operates the power-driven machine at maximum capacity.

OTHER OUTSTANDING FEATURES:

Duplex Carburetion • "Live" High-Pressure Power-Trol • Quick-Change Wheel Tread • Effortless Steering • Ultra-Modern Engineering • Greater Convenience • Unexcelled View • Unequalled Two-Cylinder Strength and Simplicity.

Mr. and Mrs. William Malloy celebrated their 50th wedding anniversary Saturday, November 29.

Thanksgiving Guests

Mr. and Mrs. Fred Cortwright had as guests, his brother and family, the Robert Cortwrights, and her brother and family, the Tony Farcheks.

Mr. and Mrs. Verne Newsome had as their guests his mother, Mrs. Helen Newsome, and grand mother, Mrs. Minnie Vock.

Mr. and Mrs. D. Owens guests were her mother, Mrs. V. Sullivan and his mother, Mrs. Mabel Owen, both of Chicago.

Guests of Mr. and Mrs. Ernest Spannake were Mr. and Mrs. Al Hochberger and daughter Dianne, of Frankfort, and Mrs. Thomas of Iowa, mother of Mrs. Hochberger.

Mr. and Mrs. Kermit Bressner of Arlington Heights, enjoyed their dinner with Mr. and Mrs. Paul Korgaard and family.

Mr. and Mrs. Roman A. Nowicki entertained Mr. and Mrs. V. Glowinske and family of Mokena.

Miss Ann Rabiega spent a week's vacation and Thanksgiving with her mother Mrs. Rose Rabiega and brother Lawrence. She has returned to Chicago to resume her duties as a register-

ed nurse. Miss Rabiega intends to make her home permanently with her mother and brother after the first of the year.

The "Ritts" of the Lincolnwood Drive-In enjoyed the comforts of their home, and being together with their family again for their Thanksgiving dinner. They so deserve it.

Mr. and Mrs. Robert G. Berls drove 141 miles to spend their holiday and weekend with her brother and family, Mr. and Mrs. Roman Quintenz and sons, at their home on Okauchee Lake in Wisconsin.

Mr. and Mrs. Patrick Cullen, Jr. and family, were guests of the Patrick Cullen, Sr. in Chicago.

Mr. and Mrs. Steve Madden and daughter Elizabeth spent their day with Mr. and Mrs. Kerr and family in Evanston.

Sandra, daughter of Mr. and Mrs. Ralph Oldt, is confined at home with chicken pox. Hope you are back at school again real soon Sandra.

Is it true that "Hoffbauer" has taken up residence in Lincolnwood Hills or at Trapper McElfresh or Trapper West that we see roaming around in their moon skin caps?

Beg Your Pardon
The new born son of Mr. and Mrs. Roy Peterson was named William not Richard Roy as reported in last week's News-Bulletin.

"Greater Chicago Authority" Threat to Local Communities

Patrick Henry's classic statement, "Eternal vigilance is the price of safety," holds as good today as in Revolutionary times. And right now it would seem that special vigilance is needed on the part of citizens of local self-governed communities who do not want to see their home rule disappear.
 The newly formed "Greater Chicago Authority" poses a threat to the present home rule of local communities in this area. It has come to our attention that this group seeks legislation in the next session of the legislature to annex every village in Cook county into Chicago. A meeting of this group was held last Thursday afternoon where plans were being made on their legislative program, and, as usual, the suburban towns were being ignored entirely. Bill Er-

ickson, County Superintendent, got up and reminded the committee that the suburban towns were being ignored, pointing out that suburban officials did not think too kindly of the proposal. On the strength of Mr. Erickson's remarks, the commission suddenly decided to appoint a special committee to meet with suburban officials. At this time we do not know just when or where this meeting will be held.

Citizens as well as the village fathers of local communities are warned to be on their guard lest "it happen here." While in the final analysis each community will be asked to vote upon annexation, it should not be overlooked that the smooth politicians who seek to extend their domain by the addition of the large tax valuation of our lands, our homes and our industries know how to present a proposition to make it look attractive. We must not overlook the fact that the people of Chicago foolishly voted the Chicago Transit Authority into power, taking over private investment, and since then the fares have increased progressively from eight cents to twenty cents, and Chicago riders are complaining bitterly about the "rotten service," necessity of making frequent transfers from buses to street cars, and vice versa, etc., etc.

The Chicago Transit Authority was presented to the voters as a luscious orange but it turned out to be a very sour lemon.
 If we do not want our village taken over lock, stock and barrel by unscrupulous, power-mad greedy politicians, village officials should be prepared to make a trip to Springfield at a moment's notice when and if bills are introduced that would open the door to legislation that will make the Greater Chicago Authority possible. At this time we have no information as to just when such bills will be introduced, but we will be watching this situation as it develops and keep our readers fully informed.
